SECTION 01

Philosophy

JOBS, NOT CHEQUES

We hire people who own outcomes. A title without an SLA is a passenger. Equity is not a substitute for a role. Grow first, then we grow together.

Logic Intelligence Technologies is a Coimbatore 2026 startup issuing employment offers and letters of intent — not partnership agreements. Every open seat is a real operational role with deliverables, an SLA, and a six-month probation. Pace is in the job description.

HIRING PRINCIPLES

- ◆ Ship this quarter — pace is in the job description
- ◆ ₹0 in the letter until GST entity + first invoice
- ◆ Equity vests 4 years / 1-year cliff after entity exists
- ◆ Wrong room if you want CEO in exchange for a cheque
- ◆ Lead with proof of ownership, not a title request

WHAT WE WILL NOT OFFER

- ◆ Unpaid CEO role in exchange for investment
- ◆ Unvested co-founder equity without a seat
- ◆ Director title for a cheque — not a delivered outcome

SECTION 02

Founder & CEO

VIKASH SARAVANAN

Founder & Lead Engineer

B.Tech AI & DS · Rathinam · MSCA

Keeps: vision · capital · AI architecture · final scope sign-off on every client project.

Will not own: day-to-day ops, sales, legal entity setup, hiring pipeline. Those belong to the CEO seat.

OPEN CEO ROLE

CEO is an operational hire — not the founder. Owns: ops, sales, legal entity setup, hiring pipeline. Reports to Vikash. Salary begins after first revenue. Six-month probation.

CEO — REQUIREMENTS

- ◆ Proven ops or sales leadership in a startup context
- ◆ Can close a client on WhatsApp within 48 hours
- ◆ Comfortable with ₹0 base until first invoice clears
- ◆ Will sign IP assignment and 12-month non-solicit

SECTION 03

Open Seats

Each director seat has a P&L or an SLA. Every seat requires a probation, IP assignment, and 12-month non-solicit. Equity vests 4 years / 1-year cliff – after the entity and first revenue.

Director of Engineering

Delivery · Git flow · uptime · CI/CD

Salary + 0.5–2% equity after entity

- ◆ Own every client deployment end-to-end
- ◆ CI/CD on all production repos via GitHub Actions
- ◆ On-call for P0 incidents during business hours
- ◆ Weekly uptime report to Founder

Director of Sales

Pipeline · WhatsApp close · /free-demo

Commission + small option · no base until entity

- ◆ 10 qualified leads per month SLA
- ◆ Close within 72 hours of demo walkthrough
- ◆ Maintain written CRM log shared with Founder
- ◆ Own ICP: TN hotels, travel desks, retailers

Director of AI / Product

RAG quality · SOWs · golden question set

Equity-heavier · vests 4y / 1y cliff

- ◆ Own the knowledge assistant eval benchmark
- ◆ Write and review all SOWs before Founder sign-off
- ◆ RAG pipeline: zero invented-price answers
- ◆ Weekly accuracy report to Founder

CEO (Operations)

Ops · sales · legal entity · hiring pipeline

Salary after first revenue · 6-month trial

- ◆ Own ops, sales, legal entity setup end-to-end
- ◆ Maintain hiring pipeline and onboarding
- ◆ Monthly board summary to Founder
- ◆ Close warm leads on WhatsApp within 48 hours

HOW TO APPLY

Role in the subject line. What you have shipped. When you can start. What you will own in 90 days. Lead with proof of ownership, not a title request. Ten lines maximum.
