

Investor & Strategic Partnership Information Memorandum

Confidential Strategic Overview & Technology Ecosystem

Logic Intelligence Technologies â Official Corporate Publication

1. Strategic Vision

Building the standard operating system for intelligent enterprise automation, combining high-speed web platforms with deterministic software workers.

2. Technology Moat

Proprietary deterministic workflow orchestration, strict schema-enforced AI bridges, and proven low-overhead full-stack architecture.

3. Expansion Roadmap

Scaling enterprise client engagements, expanding AI capability frameworks, and deepening vertical workflow automation integrations.
